- 1. ACCEPTANCE :** I, acting for and on behalf of and by the order and direction of the Northern Power Distribution Company of **Telangana Limited** (herein after called TGNPDCL) accept the rates for supply of **5,200 Kms.** of **55** Sq.mm AAA Conductor as per the **L.O.I Dt.05-06-2014** and above cited correspondence subject to the following terms and conditions.
- 2. PRICES:** The prices noted below are Variable, Free at Destination Stores, Inclusive of Ex-Works, ED & CESS @ 12.36%, Freight & Insurance, P&F and CST @ 0%, (Total Price **Rs.27,191.79 per Km.**

Any variation up or down in Excise Duty or Sales Tax or other statutory levies, or new levies introduced after placing of the orders under this specification, shall be to the **TGNPDCL's** account. Provided that in case where the delivery schedule is not adhered to by the supplier and that, if there are increases in Excise Duty or Sales Tax or other statutory levies, or new of those levies during extended delivery period shall be to the account of supplier and if there is downward variation/revision the **TGNPDCL** shall be given credit to that extent.

- 2a) **PRICE VARIATION** :The prices are variable with positive 30% ceiling and no ceiling on negative price variation. The prices are based on and subject to adjustment due to variation in the following factors.

The average Ex-Works Cost/ MT of Aluminium Alloy Rod of M/s. Balco and M/s. Hindalco etc., exclusive of duties and taxes @ Rs.1,77,900.00 per M.T as on 22-08-2013 as per CACMAI Circular.

For any variation up or down in the price of raw materials as defined above of Rupees one in price per MT of Aluminium Alloy Rod, the corresponding increase of decrease in price per KM of finished conductor allowable shall be as given below:-

Sl. No.	All Aluminium Alloy Conductor	Aluminium Alloy Rod as per IS 398/Part-IV 1994
1.	55 Sqmm	0.1492

For the purpose of calculation of price variation, the prices of Aluminium Alloy Rod shall be taken as that prevailing 30 days prior to

- the date of delivery or
- the contracted delivery date or
- the date of receipt of material at stores, whichever shall result in the least price.

a. Date of delivery: The ‘date of delivery’ for the purpose of price variation, shall be the date on which the conductor is notified as being ready for inspection/dispatch (in the absence of such notification, the date of manufacturer’s dispatch note shall be considered as the date of delivery)

b. Contracted delivery date: The ‘contracted delivery date’ for the purpose of price variation, shall be the purchase order contracted delivery date including any agreed extension there to.

c. Date of receipt of material at stores: The ‘date of receipt of material at stores’ for the purpose of price variation, shall be actual date of receipt of material at destination stores, if the material is received beyond the contracted delivery date.

As far as practicable, prices will be revised Upward or Downward abinitio, to take care of any variation in price of raw materials as defined above, but if for any reason, it is not found to be practicable, the deliveries shall be effected at the contracted price and price variation claimed subsequently through a supplementary bill which will be paid as per the purchase order terms after approval by NPDCL. If at any time any documentary evidence, proof or certificate in regard to the price variation bill is required, the supplier shall have to furnish the same.

The performance security shall be extended suitably in case the equipment/ materials found defective within guarantee period. The defective portion/ whole of the equipment/ materials so replaced or renewed should get satisfactory performance till the expiry of 12 months from the date of such replacement/ renewal or until the end of guarantee period whichever may be later.

If you have received any over payment by mistake or if any amounts are due to the TGNPDCL due to any other reasons, when it is not possible to recover such amounts under the contract the TGNPDCL reserve the right to collect the same from any other amounts and/or Bank guarantee given by you due to or with the TGNPDCL.

When you do not at any time, fulfill your obligation in replacing/ rectifying etc., of the damaged/ defective materials/ equipment in part or whole promptly to the satisfaction of the TGNPDCL officers, the TGNPDCL reserves the right not to accept the materials/ equipment against subsequent dispatches made by the supplier and only the supplier will be responsible for any demurrages, wharfages or damage occurring to the consignment so dispatched.

The TGNPDCL reserves the right apart from the above said provisions, not to accept further dispatches of materials and the connected bills etc., under conditions of your continued negligence to replace any materials supplied earlier and received in damaged condition or failed within the guarantee period, or not confirming to the purchase order/ specification.

7. **DISPATCH:** Please arrange to supply the material specified in the schedule of materials and dispatch them by goods Train or Lorry freight prepaid to the consignee and destination stores to be intimated to you separately. Unloading at stores premises shall be TGNPDCL's responsibility and any expenditure incurred for unloading is to TGNPDCL's account only
8. **ACKNOWLEDGEMENT:** The Lorry receipt should be sent to the consignee noted against each item and should be accompanied by two copies of the invoice, one of which will be returned to you directly in token of acknowledgement of receipt of goods.
9. **LOSS OR DAMAGE:** External damages or shortages that are prima-facie the results of rough handling in transit or due to defective packing will be intimated within a fortnight of the receipt of the materials. Internal defects, damages or shortages if any, internal parts which cannot ordinarily be detected on a superficial visual examination though due to bad handling in transit or defective packing would be intimated within one month from the date of receipt of these material. In either case the damaged or defective materials should be replaced by you free of cost to the TGNPDCL.

Where in the material supplied by you are found defective in whole or in part within the guaranteed period, you will be intimated of the same. You should take immediate steps to rectify the defects (or) to replace the defective material free of cost. If no steps are taken to replace the defective material within 15 days of receipt of intimation of defects or such other reasonable time as the TGNPDCL may deem proper to afford, the TGNPDCL may without prejudice to its other rights and remedies replace the same and recover the expenditure incurred therefore from the deposits such as Performance security or other monies available with the TGNPDCL or by resorting to legal action and also decline to accept further deliveries of material.

The defective material so replaced should give satisfactory performance till the expiry of six months from the date of such replacement or until the end of guarantee period whichever is later.

For the purpose of any legal constraints, the material shall be deemed to pass into TGNPDCL's ownership only at the destination stores where they are delivered and accepted.

The TGNPDCL reserves the right, apart from the above said provisions, not to accept further dispatches of materials and the connected bills etc., under conditions of the suppliers continued negligence to replace the materials supplied earlier and received in damaged condition or failed during the guarantee period, or not conforming to the Purchase Order & specification.

10. GUARANTEE:

- 1) The material shall be guaranteed by you for satisfactory operation for minimum period of eighteen months (18 months) from the date of receipt at stores in good condition.
- 2) Please note that you shall replace the defective material within 15 days of receipt of intimation of defects or such other reasonable time as the TGNPDCL may deem proper to afford failing which the payment to the extent of cost of defective material will be withheld from subsequent Bills/ Bank Guarantees.

- 11. DEFECTIVE SUPPLIES:** If during the guarantee period, any of the goods are found to be defective in materials or workmanship they shall be replaced by you free of cost.

- 12. PENALTY FOR LATE DELIVERY:** The delivery of materials as per the agreed schedule of delivery is the essence of the contract.

In case of delay in delivery of materials/ equipment at destination for whatever be the reason, the TGNPDCL may at its option demand and recover from you an amount equivalent to half percent ($\frac{1}{2}\%$) of the value of the materials not delivered within the prescribed time limit for every week of delay or part thereof, subject to a max. of 5% of the total value of the contract. This right of the TGNPDCL, shall be without prejudice to its right under the law including the right to cancel the contract, forfeit the deposit and / or recover damages for breach of contract.

The date of receipt of materials / equipment at the destination stores in good condition will be taken as the date of delivery.

Materials which are not of acceptable quality or not conforming to specification would be deemed to be not delivered.

In case you do not adhere to the delivery schedule, the TGNPDCL reserves the right to purchase the balance quantity from the open market and recover the extra expenditure thus incurred from you. This is in addition to the rights of the TGNPDCL mentioned in the first part of this clause and upper law.

13. REMOVAL FROM VENDOR LIST: A registered vendor will be removed from the list.

- i. If its delivery and quality performances are not up to the mark.
- ii. If the equipment / material is found not in conformity with the guaranteed technical particulars during the service.
- iii. Fails to furnish the income tax clearance certificate as required under the rules.

14. TERMINATION OF CONTRACT : The Purchaser, without prejudice to any other remedy for breach of contract, by written notice of default sent to the supplier, may terminate the contract in whole or in part:

- i. If the supplier fails to deliver any or all of the materials/ equipment within the period(s) specified in the contract, or within any extension there of granted by the purchaser.
- ii. If the supplier fails to perform any other obligations(s) under the contract.
- iii. If the supplier, in the judgment of the purchaser has engaged in corrupt or fraudulent practices in competing for or in executing the contract.

“Fraudulent practice” means a misrepresentation of facts in order to influence a procurement process or the execution of a contract to the detriment of the purchaser, and includes collusive practice among bidders (prior to or after bid submission) designed to establish bid prices at artificial non-competitive levels and to deprive the purchaser of the benefits of free and open competition:”.

15. FORCE MAJEURE: You shall not be liable for any liquidated damages for delay or for failure to perform the contract, for reasons of Force Majeure such as Acts of God, Acts of Public Enemy, Acts of Government, fires, floods, epidemics, quarantine restrictions, strikes, lockouts, riots, freight embargoes provided that the supplier shall within (10) ten days from the beginning of such delay, notify the TGNPDCL in writing of the cause of delay. The TGNPDCL shall verify the facts and grant such extension as facts justify. No price variation shall be allowed during the period of force majeure and penalty will not be levied for this period.

16. **EXTENSION OF TIME:** If the completion of the supplies is delayed due to reason beyond the control of the supplier, the supplier shall without delay give notice to the purchaser in writing of his claim for an extension of time. The purchaser on receipt of such notice may agree to extend the contracted delivery date as may be reasonable but without prejudice to other terms and conditions of the contract.
17. **INSPECTION:** The accredited representative of the TGNPDCL shall have access to the supplier's or sub-contractor's works at any time during working hours for the purpose of inspecting the materials during manufacture of the plant and equipment and testing and may select the samples from the materials going into plant and equipment. The supplier shall provide the facilities for testing such samples at any time.

As soon as materials are ready, the supplier shall duly send intimation to the TGNPDCL by Registered post and carry out the tests before the representatives of the TGNPDCL.

The dispatches shall be affected only if the test results comply with the specification. The dispatches shall be made only after the inspection by the TGNPDCL Officers is completed to the TGNPDCL's satisfaction or such inspection is waived by this office. After inspection all the drums will be sealed by the inspecting officer.

The supplier shall furnish the following documents as proof of purchase of Aluminium Alloy Rod along with each inspection offer.

- a). Invoice of the supplier,
- b). Supplier Test Certificate.
- c). Packing List.
- d). Bill of Landing.
- e). Bill of Entry Certificate by Custom.
- f). Description of material, electrical analysis, physical inspection, certificate of surface defects, thickness and width of material wherever applicable.

Checking And Verification Of Drum Length Of Conductor:

The supplier/ manufacturer of conductor should arrange for the inspection by the representative of the purchaser specially authorised for this purpose. At-least 10% of the total number of drums subject to a minimum of 2 drums of AAAC shall be selected at random and verified to ascertain and check the correct weight/ lengths by the following methods.

- A). The drum along with the AAA Conductor shall be weighed 4 or 5 empty reels normally used of winding the AAA Conductor shall also be weighed. Net weight of the AAA Conductor shall be calculated by subtracting average weight of the empty reel from the gross weight of the drum containing AAA Conductor. Having known the weight of the AAA Conductor and other parameters of the conductor its length can be computed.

ALTERNATIVELY:

B). Transfer the AAAC from one reel to the other while at the same time measuring the AAAC so transferred by means of a meter. Arrangements should be made available in the works of the manufacturer for transferring the conductor from one reel to another at the same time measuring the length of conductor so transferred by means of a meter.
